

ACADEMIC & RECREATIONAL PROGRAMMES

Advanced Maths, Comprehension, Writing Skills

8:45 – 10:45 Adv. Writing Skills
10:45 – 12:15 Adv. Comprehension
12:45 - 2:15 Adv. Maths

Available Weeks 1 and/or 2.

Suitable for academic students entering Grades 4, 5 and 6. Valuable for potential OC or Selective candidates.

Galileo

9:30 - 12:30 Weeks 1 and/or 2.
(Grade 1 and 2)

Intellectual recreation for students entering Grades 1 and 2. This programme uses fun activities, puzzles and games to enhance thinking skills in logic, strategy, memory, analysis, critical and visual thinking.

Chess for Beginners; Improve Your Chess; Chess for Champions;

2:15 - 3:45 Week 1 and/or 2

For students entering Grades 2 to 7.
Instruction, tactics and puzzles as well as practice games.

Public Speaking & Debating

3:45 - 5:15 Weeks 1 and/or 2

For experts and novices entering Grades 5 to 7.

Selective Review

10:30 – 12:30 Week 3 (Grade 6)

This programme provides an opportunity for Year 6 students to work through practice questions under the guidance of teachers and assistants. One full length (comprehension, maths or GA) test will form part of each lesson.

Selective Writing Practice

9:15 – 10:15 Week 3 (Grade 6)

In each lesson students will complete some writing exercises. In addition a sample writing topic will be attempted after discussion of ideas, language and structure. Individual teacher feedback will be provided on each piece.

Typequick

9:45 – 10:45 Week 1 or 2

Does your child “hunt and peck” at the keyboard? Bad habits, such as this, can become ingrained over a lifetime or can require considerable “re-training” to correct. Students, working individually on their own computer, will be taught correct posture and fingering and will work on a self-correcting programme which will improve speed and accuracy. In addition some time will be spent ensuring that the fundamentals of computer operations are understood and that students are familiar with basic word processing operations. Short, fun competitions will ensure an enjoyable and profitable experience.

Brain Builders

11:00 – 2:00 Week 1 or 2 (Grades 3-4)

12:30 – 3:30 Week 3 (Grades 5-6)

General knowledge and thinking skills are improved in a fun, stimulating environment with challenges, quizzes, presentations and prizes. Includes short lunch break.

Morning tea provided.

Lunchtime supervision available.

Child care at other times is NOT provided.

Typequick and Brain Builders for Grades 3 and 4 are only available for Week 1 or 2.

All other programmes for each week are self-contained and different from the other weeks so that, students may choose to enrol in either one or both weeks.
